

THE REPUBLICAN.

A. J. BROWN, Editor.

INDEPENDENT AND ALL THOROUGH.

Mr. Carroll, Illinois.

FRIDAY, JANUARY 10, 1857.

AN INVESTIGATION.

All the returns for subscription, postage, & advertising for D. H. Warren, late printer of this paper, are in his office, and the payment for same is to be made to him. Payment will be very acceptable.

Governor's Inaugural Address.—We have just received the news that Governor Dixell has taken the oath of office, and was duly inaugurated. We have no record of his Inaugural Address, but expect to publish it next week.

TO OUR CORRESPONDENTS.

We have received this work, to be presented, as a picture of poetry directed "to those who have lately been interested in the hundred countries," and although we article discussing the good and bad qualities of a piece published last week, entitled, "Cleopatra's Tombstones." We decline publishing either for two reasons. One is that we had rather not insert any communication from author of which you do not know, and the other, that we fear the former article, although it expels very well, will not be appreciated by those who are now engaged in spreading the "Honey Moon," while the latter, (which is very good), we fear will not be of much interest to the majority of our readers.

We do not want to disengage the disposition to correspond, but wish to impress on the minds of our friends, the necessity of adopting two rules—First, never to send us a communication without telling who wrote it, (for we will not expose them); and second, to try to make their poetry something more than mere rhyme, and the subject for their poem writing one that will be interesting.

THE GOVERNOR'S MESSAGE.

We publish, this week, Governor Mattoon's last annual Message. It is excellent. Entirely free from the party slang, and low and coarse form of administration, which were the principle features of the President's Message, it shows without any vain parade that our past State administration was well conducted.

An interesting feature, and one that should be perused with care, is his discussion of the financial affairs of our State.

He shows that in the last four years, a large amount of the public debt and the entire interest on the State debt during that time, has been paid, and that while

four years ago we had but four hundred miles of railroad constructed, we now have over thousand.

After showing the rapid improvement of the financial condition of our State, he proceeds to notice that half-a-million of public safety, the Free School System.

He justly observes that while the present system is excellent, it is susceptible of improvement, and recommends the policy of increasing the salary of the Superintendents of Schools, as to commensurate the high value the country affords.

The agricultural interests of the State are also noticed. To increase the already enlarged power of our State in that line, by creating an auction in the state of our farmers' for improvement,

he recommends the annual payment out of the State Treasury, of ten thousand dollars to the State, and five hundred dollars each, to the County Societies,

payable on condition that each of the societies expend an equal or greater amount, to be expended in ploughing.

He concludes by expressing his thanks that the dark clouds of adversity which for a time hung over the interests of the State, have dispersed, and the hope that all may continue to prosper and happy, and enjoy the blessings of their institutions.

REPUBLICAN TRIUMPH.

Miss Illinois Coopers has been elected to the U. S. Senate, from Pennsylvania, by a majority of nine, over J. W. Forney, one of the peers of the late administration.

This is an event indeed as it is triumphant, and gives the Republicans great cause to rejoice.

A NEW CHURCH.—The United Brethren are about to construct a brick Church in Carroll, and the trustees of the Society are requested to give them all the assistance

in their power.

WE call attention to the communication in another column, on "The Public Schools of Mr. Carroll."

It is full of interest, and should be read by all who have children to educate.

John J. W. Lewis & Co.'s advertisement of a new Court Dresser, is another instance.

The stores of Cooper's advertise their New Year sales. They have timber sale for sale.

Another article is reported to have been the Prospectus of the Chicago Tribune.

It is one of the very best papers in the State.

WASHINGTON, Jan. 10.

On motion of Mr. Biddle a copy of the proceedings of yesterday, disclosing the names and stations of men, were Mr. Wilson and Mr. Johnson, were ordered to be transmitted to the Govt. of India.

Mr. Collier reported back from the P. O. Committee, without amendment, the bill to regulate telegraph, and it was referred to the House.

There was a long debate in the Senate on the House bill for the relief of Mary Surratt, proposing to pay her about \$100,000, being a balance due from the Government to her late husband for his services in carrying the mail, with interest from December, 1861. The case has been before Congress for 12 or 13 years, and was recently reported on by the Comt. of Claims. The bill passed by a vote of 20 against 18, after an amendment striking out the allowance for interest.

Adjourned.

10 P.M.

Mr. Moore offered a resolution, which was adopted, instructing the Committee on Commerce to inquire and report what additional means, if any are necessary, to prevent loss of life and protection from shipwreck on the Long Island and New Jersey coasts.

The House resumed the consideration of the President's message.

Mr. Bingham spoke in denunciation of the President's position.

In the House the Tariff bill was discussed by Mr. Campbell of Ohio, who said that a majority of the Committee of Ways and Means desired by the extension of the free list to give incidental protection.

The bill, if passed, will reduce the annual receipts more than \$10,000,000. It was their intention to simplify the collection of the revenue, and materially reduce the expenditures of the Custom House.

Mr. Boyce made a speech in support of the positions taken by the President in his annual message.

A deputy of the Sergeant-at-Arms of the House left this afternoon for New Y. to summon witnesses to appear before the Committee to investigate the alleged corruption.

Several members of the House will be examined to-day.

Ninety thousand dollars will be required to pay three of the companies of Kansas Militia employed in the late disturbances in that Territory. The returns of the other companies have not yet been received at the War dep't.

Letters from Gov. Geary confirm the report of perfect quietness in Kansas.

WASHINGTON, Jan. 10.

Mr. Washburne, of Illinois, asked but did not get leave to present and have read a petition from a large number of citizens of Iowa, charging fraud upon the Dubuque and Pacific Railroad Company, in refusing to build that road as provided by the act of Congress granting land for that purpose. After some other interesting proceedings the House adjourned.

CLEVELAND, Jan. 8.

Horace Greeley has brought suit for libel against J. M. Gray, editor of the Cleveland Plain Dealer, for articles published in that paper during and since the late campaign. Damages laid at ten thousand dollars.

DR. GOOD'S ARTICLE will always triumph over any pretender's imitation. It has been said that every boy has a notion of business; but let a really enterprising article capable of doing so, be presented to you, and it will be the case of no one who is up to the game, to say otherwise. Dr. Good's article comes from New Haven, Connecticut, and has been taken into the hands and tried, and has found its way into every city and town in America, to any firm. When these facts are known, it should be no surprise to find that everybody who uses it respects and likes it generally. However, it is, always, the best. Dr. Good, New Haven, Connecticut.

THE rapid changes of the weather in certain climates are continually trying to disarrange the usual sedentary. Diseases, Rheumatism, Neuralgia, Sciatica, Headache, Neuralgia, etc., are not only often, but sometimes very troublesome, especially in the winter months.
